NEWSLETTER October 2020

Firstly I would just like to say how incredibly proud we are of all our wonderful children. They have settled back well into school life which is very different to what they had known previously. The Y3's have started a new school and have very quickly adjusted to all their changes. Reception pupils at Royd have done amazingly well with new routines, full weeks, new staff and changes and a big welcome to all our new Nursery children. I hope you are as proud of them as we have been. It just shows you how adaptable children are to change. With the lack of usual transition due to the situation they have all done brilliantly.

Please look at the website links below to check your child is wearing the appropriate clothing. Please ensure cardigans and jumpers are labelled.

Face Coverings -COVID

In a recent meeting with Public Health Sheffield they recommended that parents wear face coverings when bringing and collecting children at school. This will not be policed by staff at school but heads were asked to advise parents to do this. Children of primary age **do not** need to wear face coverings outside or inside school.

Coats

The weather has now changed and we are in Autumn. Can parents ensure that children bring an appropriate coat into school for all different weathers. The structure of the day is very different for children and they really do need to access the outdoors everyday even for a short period of time when it is raining.

Negative COVID tests

If you have been isolating awaiting a COVID 19 test result, please notify us straight away once you have received the result. Outside school please email us at the school enquiries email addresses. It is essential that we have received a notification of the result prior to the children coming back to school.

Parents Evening

Parents evening has been brought forward this year. Deepcar St John's are making their phone calls home this week. Royd's are taking place on Thursday 15th and Thursday 22nd October. Please be aware that these calls may be from withheld numbers
