

5 March 2024

Dear Parents and Carers,

This week is 'Waste Week' (4th – 10th March). To celebrate this, we are launching an Eco-based competition where we would like children in Key Stage 1 to use recycled materials to create a new Eco mascot.

This could be made from using cardboard boxes, yoghurt pots, bottle tops, newspaper, tin foil, kitchen roll (anything you can find). There will be a prize for the new mascot chosen for our school Eco display!

Happy recycling! We look forward to seeing what the children create. **Please bring any creations into school by Friday 22nd March.**

The KS1 Team

Yours sincerely,

Louise Jones
Executive Head

Sean Sly
Acting Deputy Head
