

5 March 2026

Dear Parents and Carers,

This half term our School Council team are focusing on waste and recycling. To celebrate this theme, we are launching an Eco-based competition where we would like children in Key Stage 1 to use recycled materials to create a new Eco mascot for our school.

This could be made from using cardboard boxes, yoghurt pots, bottle tops, newspaper, tin foil, kitchen roll (anything you can find). There will be a prize for the new mascot chosen for our school Eco display!

**Please hand any creations to your class teacher by Friday 13<sup>th</sup> March.**

Happy recycling! We look forward to seeing what the children create.

The KS1 Team

Yours sincerely,

Louise Jones  
Executive Head

Sean Sly  
Acting Deputy Head
