

FSI NEWSLETTER – WC 1.6.26

This Week:

This week in Nursery, the children have begun exploring our new topic 'Which is the biggest Dinosaur?'. Our maths table has linked nicely with this so far where children have been measuring the height and length of the dinosaurs using cube and other non-standard units of measure.

At our mark making table, the children have been exploring making marks using dinosaurs. Inside the children have had to practice their pencil control helping the dinosaurs get across the table on various lines.

Outside, mark making has been lots of fun where children have experimented printing dinosaur footprints in paint.

This week we have started to read our new story "Dinosaurs can't roar" The children have discussed what they can see on the front cover and the features a front cover shows us eg title, author and illustrator. We have also discussed some of the characters in the story, naming the dinosaurs we can see.

We open nursery from 8.40am-8.50am, we ask that you read the book or practise their name writing using the name card sheets from their draw and a whiteboard pen from the writing area from and return it after the shaker has been shaken at 8.50am. Books will be changed weekly by a staff member.

Reading books

Children in Nursery are encouraged to select a book from the book box on the carpet area. Children should keep the same book for a week and return these on their last day of Nursery every week. Please ensure you change your child's book with them in the morning.

National Online Safety - Parental Controls for Apps (Android Phone)

National Online Safety believe in empowering parents, carers and trusted adults with the information they need to hold informed and age-appropriate conversations about online safety with their child, should they feel it is needed. This weeks focus is “Parental Controls for Apps (Android Phone)”.

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one issue of many which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

On Android phones, restricting access to particular apps usually requires going onto Google Play. From there, it's fairly easy to navigate your way through the settings to manage the parental controls and authentications relating to any apps on the device. These features can prevent your child from downloading or buying anything unsuitable for their age. Updated versions of apps or games that your child has already installed may occasionally contain something inappropriate, so we've explained how to stop those, too.
