

FS2 NEWSLETTER – WC 08.06.2026

This Week

We have had phonics lessons in our new groups where we learn a new phoneme (sound) each day. We learn each phoneme by hearing, saying, reading and writing it. Fred the Frog joins us during phonics lessons where he awards a child with a medal that they can wear throughout the day. The children absolutely loved their trip to Yorkshire Wildlife Park! We have also thanked Miss Acton, Miss Ritchie, Miss Toon and Miss Sajad for all their hard work during their time in our classes as their placement comes to an end. The children are really going to miss them!

Attendance: class 1 – 80% and class 2 – 84.3%

Next week

The children will be in their phonics group where they will learn a new phoneme each day by hearing, saying, reading and writing it.

In maths, the children will be practising double amounts up to a total of 20.

We will also begin our focus over the next couple of weeks. The children will be participating in various arts and crafts activities using the story 'Dinosaurs don't draw' as our focus book.

Stars of the week

Reader of the week: class 1 – William and class 2 – Elliott

Writer of the week: class 1 – Sonny and class 2 –

Mathematician of the week: class 1 – George N and class 2 – Sidney

Well done boys and girls. Miss Brook, Miss Brown, Mrs Barker and Miss Darbyshire are proud of you!

Homework

Each Friday, homework will be handed out to your child. This homework should be completed and returned to your child's class teacher by the date stated on the sheet. Homework can be returned by uploading photographs to Tapestry or a physical copy can be handed in too.

Reminders

ONLINE SAFETY

National Online Safety – Roblox

National Online Safety believe in empowering parents, carers and trusted adults with the information they need to hold informed and age-appropriate conversations about online safety with their child, should they feel it is needed. This week's focus is "Roblox". Please note that only children aged 7+ should be accessing this.

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one game of many which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

What Parents & Carers Need to Know about ROBLOX

With more than 150 million users worldwide, Roblox is one of the most popular video games of recent times. Roblox allows users to create their own gaming experiences using Roblox Studio: building levels and games then allowing other people to play them. Similarly, players can play each other's creations, either on their own or with other people online. While it's a tool that can help foster creative thinking, Roblox is also intermittently in the news amid concerns over young users' safety.

PEGI 7+

No Age Rating

Roblox is rated 7+ by PEGI, but the platform itself doesn't have a minimum age requirement. It does ask for a date of birth when registering, but this can be easily fabricated. The sheer quantity of games available on Roblox means that some will fall into teen/adult categories. Users can also interact with each other freely – and the game has, historically, attracted scammers, griefers and online predators.

Chat Functionality

Users can join group chats with almost anyone through the Chat & Party function. While the chat has some filters, predators still try to find ways around these to prey on young children. There have been recent reports of adults pretending to be children, attempting to groom younger players and encouraging them to chat privately in an unmoderated environment away from the game.

In-App Purchases

Robux is the in-game currency used to buy things like special outfits or emotes, and to play certain sections of the game. A subscription service (costing £4.99 per month) called Roblox Premium offers more privileges and more in-game currency. Robux can also be purchased in batches, for up to £4.99. Children can easily pay for these, or purchase a membership, without realising it.

ODers

An 'ODer' (online dater) joins Roblox to find someone to 'date' online. While there's nothing inherently wrong with finding love on the internet, it becomes an issue in a space that's populated by children and young teens, like Roblox. Online dating is against Roblox's community guidelines, but certain player-built games on the platform are specifically for 'ODers' and should be avoided by children.

Online Predators

Roblox's developers aim to maintain a safe place for children; they employ human moderators for their players' protection. But there will, sadly, always be individuals who try to bypass these safeguards so they can chat to children and attempt to communicate outside the game. Anyone asking for your child's personal information or to talk privately should be blocked and reported.

Advice for Parents & Carers

Take Note of Ratings

Recent press reports drew attention to Roblox's issues with potentially offensive content. Some players were using Roblox Studio to create games featuring nudity, sexual activity and extreme political views. In response, Roblox is introducing a ratings system which will rank content by age appropriateness, with clear warnings if a game is not suitable for younger players.

Set Parental Controls

Roblox has controls that allow parents to moderate who their children can talk to and which games they can play. To enable these, add your email address to your child's account through the Security menu, and create a secure PIN to stop settings being tampered with. Then head into the Privacy menu where you can apply moderation to in-game chat, personal messages, invites and more.

Disable Messages

It's advisable to block all messaging if you have concerns over your child's safety. If they're playing with friends they know in real life, encourage them to chat in another way (like on the phone), so you know exactly who they're talking to and how. Accounts can be tweaked to allow messages from specific groups of people, such as friends or users that your child follows.

Block and Report

To report players in a game, find the Roblox symbol on screen (or the 'Settings' button on some devices). Identify the offending player and click the flag icon. Clarify why the player is being reported by choosing a reason from the list. If you think a particular game is inappropriate, you can also flag it for a moderator to check by following the same steps but selecting 'Game' instead of 'Player'.

Encourage Creativity

It could prove a little too complex for younger children, but Roblox Studio is a great place to start learning the fundamentals of game design. Many budding developers have created Roblox games which have become popular among the community. There are plenty of tutorials on making games on sites like YouTube. You never know, your child's creation might be the next big thing!

Meet Our Expert

Mark Foster has worked in the gaming industry for several years as a writer, editor and presenter. He is the gaming editor of two of the biggest gaming news sites in the world, UNILAD Gaming and GAMINGible. Starting gaming from a young age with his siblings, he has a passion for understanding how games and tech work, but more importantly, how to make them safe and fun.
